

# Bandile Ngwenya

Data Analyst & AI Engineer in Training

20730 Burundi Str, eTwatwa, Daveyton, Benoni, Johannesburg, Gauteng, 1519, South Africa • 0607491759  
Mpumalanga • 21 November 2002 • South African

## PROFESSIONAL SUMMARY

Data Science and AI Engineering enthusiast with a strong interest in transforming data into actionable insights. I enjoy working with Python, machine learning, and statistical analysis to provide solutions and insights to real-world problems. I am continuously nurturing and growing my skills in artificial intelligence and data-driven decision-making.

## AREAS OF EXPERTISE

|                                                  |                             |                                  |                      |
|--------------------------------------------------|-----------------------------|----------------------------------|----------------------|
| • Data Cleaning and Preparation                  | • Exploratory Data Analysis | • Statistical Analysis           | • Data Visualization |
| • Machine Learning and Deep Learning Forecasting | • KPI Development           | • Data Storytelling              | • Python Programming |
| • Jupyter Notebooks                              | • SQL Scripting             | • Git                            | • GitHub             |
| • Repository Management                          | • Tableau                   | • Dashboard Design and Reporting |                      |

## PROFESSIONAL EXPERIENCE

**Ogilvy** | Johannesburg, Gauteng | Apr 2026 to Present

### Data Analyst and AI Engineer Intern

Learned more about building intelligent, data-driven solutions that solve real business problems. Skilled in machine learning, data analytics, forecasting, Python development, SQL, Tableau, and full-stack web development. Experienced in transforming raw data into actionable insights and developing AI-powered applications that enhance customer experiences and business performance.

## EDUCATION

**KI Twala Secondary School** | Mpumalanga | Jan 2016 to Dec 2020

### Matric

Completed my matric studies with admission to bachelor studies. Obtained two significant distinctions in Physical Sciences (99%) and Mathematics (90%).

**Ekurhuleni East TVET College** | Johannesburg | Sept 2025 to Jan 2026

### National Certificate: Electrical Engineering N4

Completed a National Certificate: N4 at the Ekurhuleni East TVET College with distinction in Mathematics at 85%.
